
Global Water and Wastewater Quality Regulations 2012

1. Drinking Water Quality Regulations: an overview and developments

2. Wastewater and reuse quality regulations: an overview and developments

3. Argentina

3.1 Regulatory framework for drinking water, wastewater discharge and reuse

3.1.1 Main government bodies

3.1.2 Relevant legislation

3.2 Drinking water quality regulations

3.2.1 Drinking water quality standards

3.2.2 Implementation of regulations and compliance

3.2.3 Future plans

3.3 Municipal and industrial wastewater quality regulations

3.3.1 Wastewater quality regulations

3.3.1.1 Wastewater emission standards

3.3.2 Implementation of regulations and compliance

3.3.3 Monitoring and sampling

3.3.4 Wastewater treatment technology

3.3.5 Future plans

3.4 Water reuse regulations

3.4.1 Current regulatory framework

3.4.2 Implementation of regulations and compliance

3.4.3 Future plans

3.5 Water in industry

3.5.1 Organizations that influence water policies

3.5.2 Regulations in industry

3.6 Future regulatory scenario and conclusions

3.7 List of laws, standards and policies

3.8 Glossary

3.9 References

4. Australia

4.1 Regulatory framework for drinking water, wastewater discharge and reuse

4.1.1 Main government bodies

4.1.2 Relevant legislation

4.2 Drinking water quality regulations

4.2.1 Drinking water quality standards

4.2.2 Implementation of regulations and compliance

4.2.3 Future plans

4.3 Municipal and industrial wastewater quality regulations

4.3.1 Wastewater quality regulations

4.3.1.1 Wastewater emission standards

4.3.2 Implementation of regulations and compliance

4.3.3 Monitoring and sampling

4.3.4 Wastewater treatment technology

4.3.5 Future plans

4.4 Water reuse regulations

4.4.1 Current regulatory framework

4.4.2 Implementation of regulations and compliance

4.4.3 Future plans

4.5 Water in industry

4.5.1 Organizations that influence water policies

4.5.2 Regulations in industry

4.6 Future regulatory scenario and conclusions

4.7 List of laws, standards and policies

4.8 Glossary
