

Smart Water Networks

Publication information	ii
Executive summary	iii
Capital expenditure on smart water networks, 2013	iii
Regional forecast	iv
Market forecast for smart water networks in early adopters, 2011–2018	iv
Market forecast for smart water networks by region, 2011–2018	v
Benefits of smart water networks	vi
1. Introduction	1
1.1 What are smart water networks?	1
1.1.1 Smart water network architecture	2
1.1.2 Smart water network market segments	3
1.2 Smart water networks: Tackling supply and demand	3
2. Market dynamics	5
2.1 Overview	5
2.1.1 Market development and adoption	5
2.1.2 Customisation with integration	5
2.1.3 Standardisation	6
2.1.4 Procurement	7
2.2 Market players	7
2.3 Market drivers	9
2.4 Market challenges	10
2.5 Market access	11
2.5.1 Established players versus start-ups	11
2.5.2 Integration and partnerships	12
2.5.2.1 Instrumentation and communications companies	12
2.5.2.2 Data management and data analytics companies	12
2.5.2.3 Sustainability programmes	13
2.5.3 System integration	13
2.6 Market opportunities	14
